

DON JOHNSON'S INVOCATION
MHS REUNION - 2010

- Our Heavenly Father, we thank you for this glorious day and weekend in which you have brought all the classes of MHS together.

- Through the years You have bestowed so many blessings upon us.

-- One of which is the school system that gave us such a firm foundation to begin our careers -- and the dedicated administrators and teachers -- many of whom are celebrating with us this weekend.

--- I have been assured that this great school system is continuing today because of Your Blessings on it.

- Bless those classmates who could not be here tonight and/or their spouses who are ill. I pray You heal them like You healed me, for You are the Great Healer.

- I lift up to You - our brave military men and women who are serving in harms way -- keeping our nation free so that we may have functions like this. I pray for their safety and expeditious return to their loved ones. Keep their families strong during these long deployments.

- We bless this food which You have provided for the nourishment of our bodies.

- In Your Holy Precious Name we pray.

Amen
